

HOST OPPORTUNITY

Business After Hours

Multiple member opportunities

Are you looking for a new way to promote your business? Business After Hours events are not only great networking opportunities, but they are also a perfect way to bring business to your door! When you host one of these events, you have a unique opportunity to introduce and showcase your business, brand, products, and services, to business professionals in a welcoming atmosphere.

The Chamber's monthly Business after Hours provide a casual environment for members to meet, wind down after work, exchange ideas and build connections with their fellow business community over food and refreshments.

As the host, you will have the spotlight and will oversee logistics, while the Chamber provides the marketing and registration services, and your fellow members create the buzz.

SPONSORSHIP BENEFITS

- Opportunity to host an interactive event on-site in your business location or an offsite location if space does not permit
- Host recognition of the Chamber's Business After Hours
- Logo and Host recognition on promotional materials for the event including the Chamber's e-newsletters, website, and event advertisements
- Opportunity to give away items and/or door prizes to guests
- Chamber staff and volunteers onsite to greet guests
- Registration services handled by the Chamber (routine updates will be given)
