Small Business Week

\$2,000 + HST | multiple opportunities

The Chamber's annual Small Business Week hosts a full week of programming and activities that provide opportunities for members of the business community to build connections and skills to be competitive and innovative in their industry.

We recognize the significant impact local entrepreneurs have on the regional economy and the importance of providing them with the support and resources they need to help their businesses grow and succeed. The week of activities attracts 500+ attendees and will not only celebrate small business owners and professionals but motivate and educate them on current topics and trends.
